Following the model developed by:

- *UNESCO - CEPES
- *COUNCIL OF EUROPE
- *EUROPEAN COMMISSION

This Diploma Supplement follows the model developed by the European Commission, Council of Europe and UNESCO/CEPES.

The purpose of the supplement is to provide sufficient independent data to improve the international «transparency» and fair academic and professional recognition of qualifications (diplomas, degrees, certificates, etc.). It is designed to provide a description of the nature, level, context, content and status of the studies that were pursued and successfully completed by the individual named on the original qualification to which this supplement is appended. It should be free from any value judgements, equivalence statements or suggestions about recognition.

Information in all eight sections should be provided. Where information is not provided, an explanation should give the reason why.

Extra long life paper.
Printed with high technology against
counterfeiting and/or tampering.

Credits Workload of student's training activity in National Research University Higher School of Economics (HSE) is defined in academic hours and credits. One academic hour is equal to 40 minutes of students' studies (both in theory and in practice). One credit is equal to 38 academic hours (approximately 25 astronomic hours). Academic Performance Rating There are two forms of final academic performance rating in HSE: examination and test. As a rule educational institutions in Russian Federation apply 5-point grading scale in respect for students' knowledge. Educational outcomes of students in HSE are estimated by 10-point grading scale. Disciplines with final control in test form may also contain the mark in 10-point grading scale. Students of HSE are taught according to annual approved curriculum based on educational standards defining the contents, the forms, the goals and the terms of education. Regulatory time limit for full-time programmes is the following: three or four years for obtaining the «Researcher. Lecturer» qualification. Student's pass to the next year of education is possible after getting the "pass" grade or higher in each subject of the curriculum of the current year of studies. Students who have completed the plan of studies in full size receive the diploma of higher education and obtain the qualification corresponding to their educational level.
